RE: 2010 West Street, Forest Stand Delineation Received May 23, 2016

Dear Mr. Dawson,

Following are comments from the City of Annapolis regarding the Forest Stand Delineation for 2010 West Street:

1. The FSD Report identifies steep slopes as those with a slope of greater than 15 percent, whereas the FSD Plan, Sheet 2 of 2, identifies steep slopes as those with a slope of greater than 25 percent. Please rectify the discrepancy and identify grades with a slope of 15 percent or greater.

Please contact me if you have any questions.

Sincerely,

Frank Biba, AICP, LEED AP
